

Mr. Richard Waddington
Engine Carbon Clean USA
513 US Highway One Suite 210
North Palm Beach
Florida 33408

Dear Richard.

Thank you for contacting us in regards to a testimonial about our experience using your Engine Carbon Cleaning services.

Following the carbon cleaning performed on a team member's personal boat; he described his engines as being more powerful and having better throttle response. After hearing these results, we decided to have our team service vehicles carbon cleaned.

Our team service vehicles consist of some W900 Kenworth Tractor units, F 350 pickups and a few Chevrolets. After your carbon cleaning service, our drivers reported the trucks had more power, far less black smoke coming from the exhaust and a notable increase in fuel mileage.

As we are constantly in the public eye, it is extremely important to our team to present itself as a well maintained and efficient operation. With this in mind we intend to have our fleet carbon cleaned on a yearly basis.

I wish you well with your service

Yours sincerely,

Gary J. Stray
